### **HEAD HOOKER'S MESSAGE**

**PAUL WELLS**

Hi Guys,

Seems like it has been forever since I have been to a meeting. First, it was my trip and then it was 2 bouts of Covid. I haven't been fishing since the Flaming Gorge in June. I am looking forward to getting out again.

Bring in the gear that you no longer use but still has usable life left in it for our Auction at the September meeting. We will not have a speaker as the Auction will be taking up that time.

It is getting close to time to elect new officers. We need some people to step up and fill these positions as a number of these officers have been doing it for quite sometime and would like to step down.

Also, the Christmas Dinner is creeping up on us and will be here before we know it. We need to make preparations for it.

We, also, will be working on publishing the new membership book.

Looking forward to seeing everyone at the meeting.

Until then, keep your lines tight and your nets ready!

### **ASSTISTANT HEAD HOOKER'S REPORT**

**STEVE NELSON**

Hello hookers,

I hope everyone found interest and had a chance to try CPR on a manikin at the meeting last month. Sometimes we don't realize the importance of knowing how to perform CPR in a life-giving crisis until it happens to us. We're not the latest up to date tools physically in the shed, which it makes all the more important. Our guest was there to stir an interest in CPR and answer some of your questions. If you wish to know more about CPR and first aid, you may contact Stephen Adeosum at 916-246-8055 or you can look up the CPR/First Aid program on [www.hopewellcpr.com](http://www.hopewellcpr.com). The website will give class time availability. It is a six hour class and you will be certified for first aid and CPR. The training class is at 3637 Mission Ave., Carmichael. Stephen is also checking to see if there are any defibrillators given out to organizations such as ours free of charge.

This Thursday September 1st at fisherman's warehouse there will be a seminar on salmon fishing on the Sacramento River with Curly's Guide Service. Learn some of Curleys set ups for salmon and how to troll the Sacramento River. Also Rob Brown from Silvertron Spinner's will be there talking about his spinners and new products. Seminar starts at 6 PM sharp.

## FISHING CHAIRMAN'S REPORT

**BOB SCHMIDT**

Greetings everyone. Well August was not much of a fishing month. The club did not have any outings for the past 2 months now. I hope we can get something going in September. I did go out to Folsom Lake on the day we were to have the NDO and it was good we didn't have the outing there. The day was very hot and I was off the lake and heading home by 11:30. The lake is dropping at rate of 6 or more inches a day now. Trying to stay in the main channel and finding deep water was a challenge. I was targeting 80 to 90 feet for Kings but the top of the trees kept showing up on the fish finder. I already lost one weight this year and I wasn't going to lose another. I'm done with Folsom for now and that's the only place I went for the month. No Fish that day.

I don't know what happen to the boat in the picture. It was high and dry and a long way from the water line. Did they beach it overnight and lake dropped so much they couldn't get back in the water and had to leave it there? Maybe they ran it aground and damaged the fiberglass hull? It's a fairly new 20' boat located on the point between the South Fork and Granite Bay at Folsom Lake.

And I'm starting to see only a few Salmon in the Nimbus Dam Basin. I know they are there because some of the birds are starting to show up. I stop once or twice week and look for a few minutes for the splash on the surface. I figure if I see one fish there must be many more that I don't see. What's hot besides the weather.

Stripers are doing well in the Delta  
Salmon fishing continues to be really good outside the SF Bay.

Sacramento River Salmon is Hot & cold  
Lake Pardee kokanee and trout and Camanche trout.  
Bullards Bar and Stampede kokanee still good but going to end soon.

I'm looking for a nice day on a mountain lake but not sure where to go. Thinking Union Valley and even Echo Lake for a 2 day trip.

Luck Fishing and be Safe

## SECRETARY'S MESSAGE

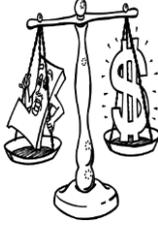

**JOHN KINSLOW**

Hello to all. Hoping you and your families are well and to those who are not, that your all better soon.

Let's not forget our Club Members and Spouses that are dealing with different health issues.
