HEAD HOOKER'S MESSAGE

STEVE MILANOVICH

Hello Jolly Hookers, this is Steve getting at you a little bit late.

This time I had a hard time thinking of something to say to the club.

We had a great time at Amador, quite a few nice fish were caught. It started warming up a little bit, but it was a great day. It wasn't too crowded with boats.

Our following outing was a lot of fun. Finding the ramp was a chore and it was full of laughter and wondering where we were because we didn't use our GPS. We went to Union Valley Dam, and at the dam that's where the boat launch is. It didn't have a dock, but that was okay. We were late; but we found it. I was following Bob Bonner and he was driving like a man possessed wanting to go fishing and we missed our turn following him. We turned up the road to Icehouse. We started laughing when Rene passed us going the opposite direction. Finally got turned around at Icehouse and came back out to the main road. Found the correct road and followed the ridge all the way around with help from a PG&E crew. These guys were from SMUD! I should not say PG&E, holy smokes! I get in trouble at SMUD campgrounds. Anyway, they got us going in the right direction and we finally got there.

We fished and fished; but we didn't do well with Mackinaw, because we were top lining the whole day while trying some lead core; but that could not get a trout bite at all.

Hell, that was that day and anyway looking forward it's just amazing how fast this year has been going. I guess that's a benefit of aging, it just goes by faster and faster.

Just a bit more...Rene is going to show us how to roll a shad... so everyone bring your own papers... lol

FISHING CHAIRMAN'S REPORT

BOB SCHMIDT

Greetings to everyone.

The number of lakes we can fish on is getting smaller. Right now I don't want to quarantine my boat. Knowing that my boat was dry for over 30 days after my last trip to the Delta. The boat and trailer were cleaned thoroughly so I went back to the lakes and I've gone to 6 different lakes so far.

At this time, I don't want to be tied to one lake. Unless they come up with a new system that allows us to go to all the lakes. I enjoy going to a different lake each time I go out.

This time of the year we should be going to the higher mountain lakes where it is much cooler. I'm trying to compile a list of lakes that have no restrictions within a 2 ½ + hr. drive on Sacramento area.

Help me out with this. Let me know if I missed any lakes or if some of these have restrictions? I highlighted ones that are fairly close.

*** inspection at gate ** Random Inspections**

Lake Amador* New Hogan **
Ice house Union Valley Loon Lake Stumpy Meadows Hell Hole French Meadows
Collins Englebright Res. Little Grass Valley
Lake Spaulding Prosser Boca Stampede Lake Davis Jackson Meadows
Lower Bear River Silver Lake Caples Lake
Almanor Bucks Lake Black Butte Shasta Pyramid

I have fished almost of all these lakes except 5 and someday hope to fish those. I always had a good time at New Hogan for stripers. There might be a trout or 2 in the lake but the stripers have eaten almost all of them. You fish for the stripers almost if you are fishing for trout using the same gear. The limit is 10 and no size limit. We might consider having an outing there. It is also ½ price if you a senior fed pass.

ACTIVITIES CHAIRMAN'S REPORT

PAUL WELLS

Hi Guys and Gals,

At last months meeting, Teresa brought her boat to show some of the accessories that Reel Custom Boat Works sells. Unfortunately, Jim was sick and unable to attend the meeting. Thank you, Teresa!

We don't have an outside speaker this month. Bob Schmidt is going to check on the status of the local lakes and report which lakes need bands for the mussels and which ones don't. Also, Rene Villanueva is going to demonstrate how to roll bait fish.

Rene and I went to New Melones on Tuesday. We arrived at 6:30 am only to find out that you can't get on the lake until 8 am except on Friday, Saturday and Sunday when they open at 6:30 am. You have to be off the lake by 4 pm to get your new band.

I'm attaching some photos of my 5 week vacation in Europe. We went to four countries (Norway, Ireland, Northern Ireland and France), which any of the four would have made a great vacation. It was a very

interesting and beautiful trip! One of our goals was to see the Northern Lights. We were extremely fortunate that the clouds parted and we were able to see them for about 40 minutes. Together, the four countries for us was a vacation of a lifetime!

Hope to see you at the meeting! Until then, "Keep your lines tight and your nets ready!"
